"I love your CD. Seriously, really, truly. Not only do I love it but my two kids really love it too. [My 3 year old] asks for it by name, "I want to hear Mike Beck". She especially likes the first track... We usually have to listen to that song 3 or 4 times in a row before we are allowed to hear the second song. I am not sure 3 year olds are your market but you have one big fan! I like [the first two tracks] a lot too and *One Minus One* is beautiful. I really like it Mike... It's awesome."
